

The Unified JUDICIAL SYSTEM of PENNSYLVANIA

JUDICIAL ADMINISTRATION CONFERENCING SOLUTIONS

ARRAIGNMENT & VISITATION

- Eliminate transportation costs and security risks with video arraignment.
- Video visitation allows for more easily managed communication, increased safety for staff and visitors, and possible reduction of contraband.

COLLABORATIVE JUSTICE

- Coordinated and collaborative responses to the pressing issues facing our justice system are more effectively and expeditiously resolved with Vistacom's conferencing and collaboration technology solutions.

IN THE COURTROOM

- Enable advanced content collaboration when multiple pieces of evidence are presented.
- Courtroom video participation reduces travel and time costs, secures vulnerable witnesses, and enables easy connectivity for remote experts.

VIDEO CONFERENCING SOLUTIONS

MDJ & PERSONAL SOLUTIONS

- Affordable appliance based conferencing solutions for all budgets
- Monthly subscription based payment options available
- Inclusive of configuration, deployment, help desk and software support

ROOM & OPEN SOLUTIONS

- Professional grade conferencing solutions featuring high quality audio and video and a simple user interface
- Monthly subscription based payment options available
- Inclusive of configuration, deployment, help desk and software support
